

ROAD CAR

UNLIMITED FREEDOM

2019

UK

Around the world on all 365 days

Welcome to Roadcar – Street Revolution

With ROADCAR an affordable panel van motorhome enters the scene:

Made in Germany, equipped with everything needed for comfortable travels, decades of experience and know-how of PÖSSL and high-quality standards make dreams come true. From motorhomes on panel van base to revolutionary low prices – so, just enter to find your enjoyable escape.

*off the street.
Into enjoyment.*

Flap open. stage set. stretch the legs.

A road never ends.
Why should your driving joy?

Good Night!

City speedster and country home in one – for maximum travel freedom.

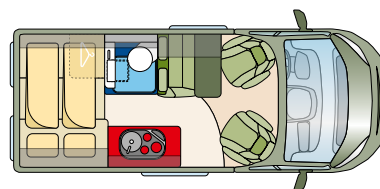

To be at home on the road and in the world – and to provide this this affordable compact camper van is equipped with everything needed for the trip: nimbleness, safety and automotive driving feel on the road. And a “no wishes left” for everyone, who want to reach their dream destination. Convince yourself of this travel concept, which doesn’t know boundaries – for a sensational price!

Roadcar R 540

The best in short

A true city speedster with just 5,40m chassis length. Still it doesn't leave anything to miss on trips – only exception being your daily routines, of course!

Roadcar R 600

One for all and everything

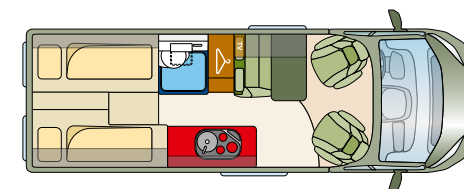

Everything's on board with just 6m chassis length: generous work surface in the kitchenette – and an equally generously sized half dinette. For the enjoyment of the delicious food cooked and served.

Roadcar R 640

A huge fan of space

A dream of a space miracle on 6,40m chassis length: as the only Roadcar it offers two single beds in the rear. For all who look for spacious and comfortable sleeping arrangements.

More information concerning the calculation of the weights involved are mentioned on the back page of this catalogue. Please refer to one of our dealers for the prices in your region.

Roadcar R 540

Compact measurements and a lot of space for packing and parking. And additionally drivable like a conventional car, only far better equipped. Reason: bath-, living and bedroom and the kitchen are always there already. Also all models can be loaded from rear to front for extra looooong things.

- 1 Comfortable dinette for four almost with the twist of a hand.
- 2 Always on-board: the very own road-side restaurant.
- 3 Guess the luck: even the bathroom is on-board!
- 4 Drive in Restaurant.

Roadcar R 600

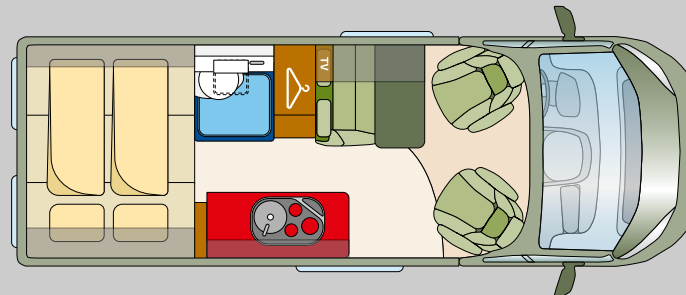

The Roadcae middle class is equipped top-class: large worksurface in the kitchenette, comfortable half dinette and additionally large cabinets for all utensils. Additionally, the rear double bed offers even more spave – for extra-large dreams!

1
3

2

- 1 Dinette for convivial gatherings.
- 2 Large bed for great dreams.
- 3 And always on-board: practical washroom with shower.
- 4 The Chef's cooking – as is the great mood.

4

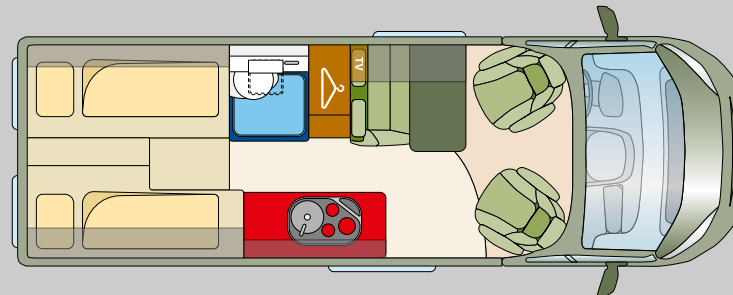

Roadcar R 640

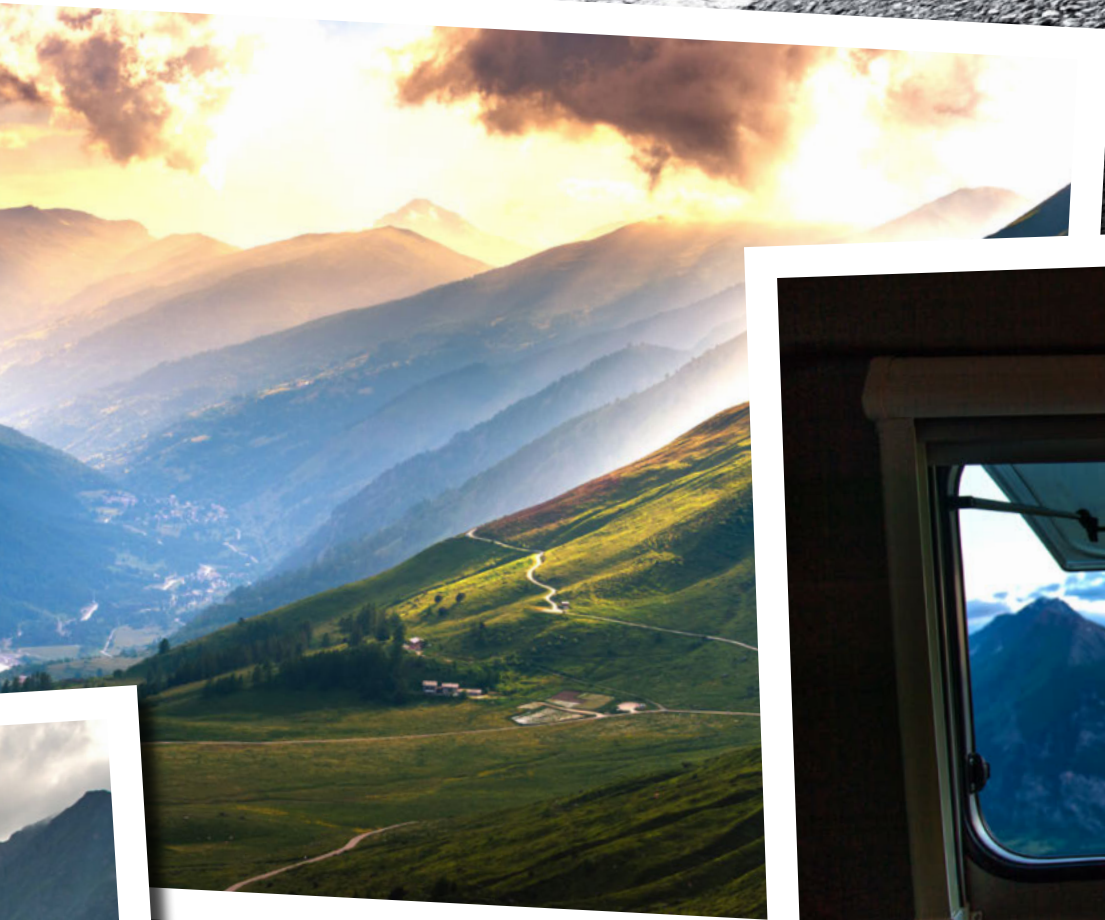

The really Top-Class: the R640 brings our compact camper to true greatness. For that we equipped it with two extra-large single beds lengthwise in the rear. So that everyone can get up when he or she wants and not when needed.

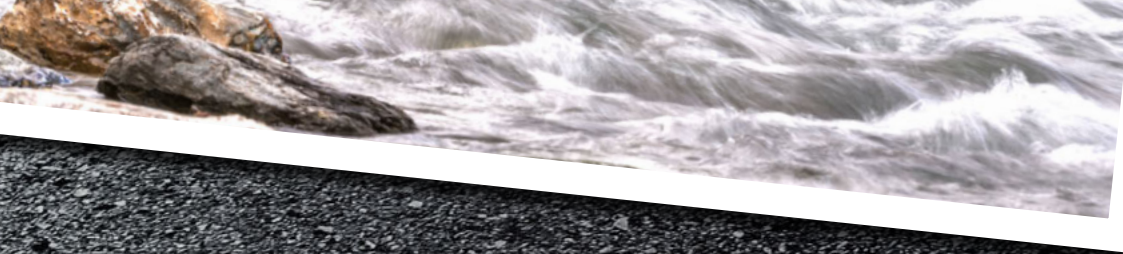

- 1 Meals on wheels.
- 2 Lengthwise: Large single beds in the rear.
- 3 And — of course — with the practical washroom with shower.
- 4 Fire & Flame: three flame stove with glass lid.

*Getting up, opening the window
and being overwhelmed - again!*

Designed for having fun.
Made in Germany.

stop, get off and be in the middle of everything.

A ROADCAR does not offer “extras”, only Highlights!

To be able to offer a ROADCAR for an unbeatably fair price we only dispensed with just one thing: knick-knack. Instead all models are equipped with everything which is needed for comfortable trips. In the end nothing should stand in the way of boundless freedom – especially not the travel budget!

Floor Storage Compartment

Every space fully utilised.

Cabinets in the rear

All is stored and still easy to reach.

Storage compartment under the bed

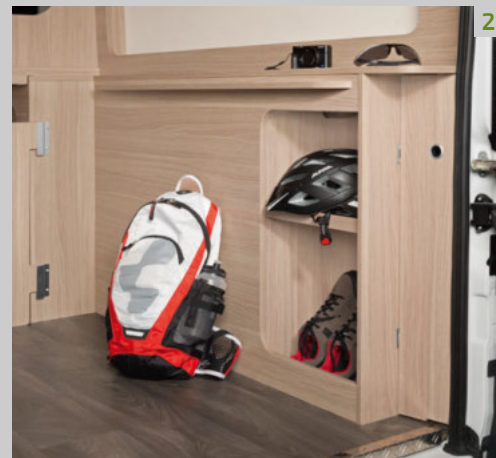

So that even large items can be stored inside safely during the night.

Wardrobe and Laundry Cabinet

For wrinkle-free transport and look.

Rear Storage Cabinets

What is going on in the rear?
Nothing: Everything has its place in the practical cabinet.

Additional bed (optional)
Turns the dinette into a third bed

For Chefs with a
desire for freedom.

1 Front tent LED (Basic Package)

The patio light for your rolling home – using energy-effective LEDs.

2 Compressor fridge with detachable freezer compartment

Low energy consumption and works using the leisure battery or with 220V connection.

3 Soft-Pull Drawers

All drawers and roof cabinets have soft-pull closings – comforts like at home.

4 Practical storage or TV-corner

Small space miracle with soft-pull closing.

5 Apothecary cabinet (for R600 and R640)

For kitchen utensils – and of course the travel pharmacy.

6 Cutlery drawer

Everything's easy to access and with soft lock the drawer closes softly.

Dream equipment for dream trips.

Storage concept

Genuinely flexible storage space with detachable bulkhead partition opens a barrier- and steps-free storage space up to the driver cabin.

1 Technical Centre

All in one place: frost safe, fuses and gas shut-offs are centrally accessible.

2 Insect Screen (Basic Package)

No entry for any insect pests.

3 Gas bottle storage

Space for two 11kg gas bottles – gas stock for weeks.

4 Control Panel

The central control of the on-board electronics.

5 The bed you made...

Mattress with integrated bed slates.

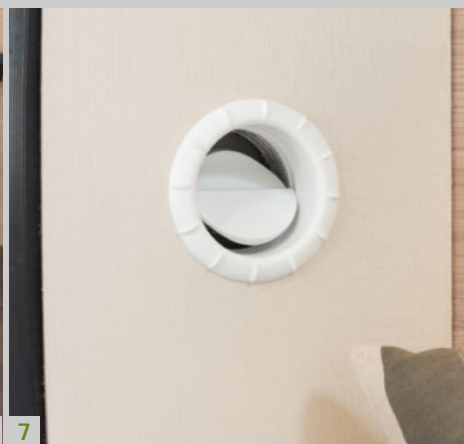

- 6 Central Truma Heating**
To act against cold nights or for short break to warm up on a skiing trip. With exhausts in the sleeping area and in the dinette.
- 7 Exhaust flag in the rear**
For fresh air in the sleeping area.
- 8 122 L Fresh Water Tank**
Easy to access, easy release and cleaning.

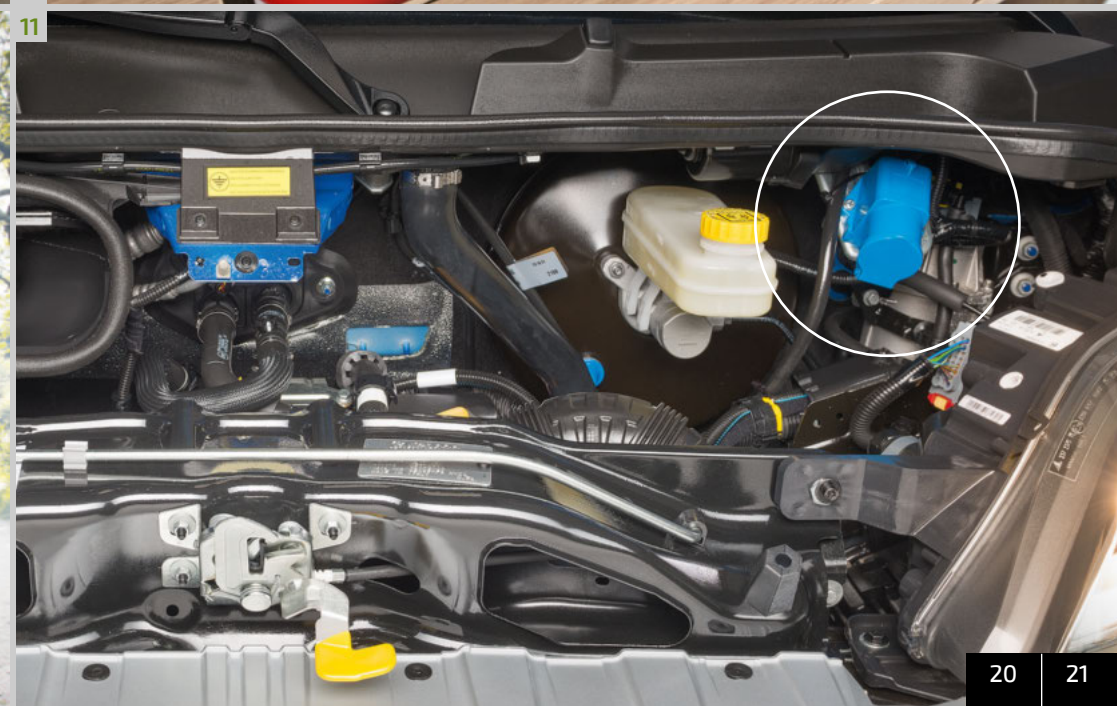

- 9 Detachable Porta Potti**
The portable toilet by Thetford with magnetic holder for the flap is easily accessible and comfortable to use.
- 10 Opaque shades with insect screen**
Both integrated into the rear door for a special appearance and comfortable access.
- 11 Socket in the engine compartment**
Makes the intrusion of wind, weather and cable thieves impossible.

Subject to technical modifications and error. Please be kindly advised that this catalogue contains depictions of decorations, décors, furniture, upholstery and equipment which might be optional and subject to a surcharge. All measurements are metric, lengths in millimetres, if not mentioned otherwise.
Technical details concerning technology, water supply and prices are detailed in the separate pricelist. Colour deviations are due to the printing production processes. Current and updated as of 02/2019 – Version 1
* The "Mass in running order" contains according to EU-Standards 97 / 27 EG and EN 1645-2 the unladen weight of the vehicle – inclusive the driver (75 kg), filled fuel tank and the following standard load: water tank with reduced capacity (20 kg), one full gas bottle (11 kg) and a cable drum (4 kg).
The technically approved total mass should not be exceeded by added individual equipment, passengers and possible optional special equipment. The count of passengers can be reduced by adding special or optional equipment. All mentioned data concerning scope of delivery, outlook, design, performance, measurements and weight of the vehicles are valid at the date of layout and printing and conform with the European Regulations for Homologation. These can be subject to change at the time of sale or delivery. Deviations inside manufacture tolerances (+/- 5% max.) are possible and permissible.
